

Surrender

By Christy Hoagland

Verse 1

Are you running and fleeing, trying to hide
Not knowing that His peace is on the other side
Of surrender

Verse 2

Are you searching for meaning, a way to get free
Wondering and fearing, what will they think of me
Just surrender

Chorus

Just give up, give in
Lay down your pride and let Him in
You can trust in Him and win with Jesus
(repeat)

Verse 3

Can you hear Him, He's calling, to you once more
This Jesus is greater, just walk through the door
Of surrender

Bridge

Are you bound by sin and your chains?
Squandering His great grace?
Satisfied with your pain, today?

Are you trying not to fall apart?
Ashamed you've fallen so far?
Longing to give Him your heart, but how?

Oh surrender, just surrender
